

# International Conference on Recent Trends in Image Processing and Pattern Recognition

Dec. 16-17, 2016, Bidar, Karnataka, India

**RTIP2R**<sub>2016</sub>

## Chief Patron

Basawaraj G. Patil  
President, KRE Society, Bidar, India  
S. R. Niranjana  
Vice Chancellor, Gulbarga Univ., India  
A. H. Rajasab  
Vice Chancellor, Tumkur Univ., India  
K. Chidananda Gowda  
Kuvempu Univ., Shivamogga, India

## Patron

Sri. B. G. Shetka  
Vice-President, KRE Society, Bidar, India  
Sri. Basawaraj Jabshetty,  
Secretary, KRE Society, Bidar, India  
Sri. Basavaraj Patil  
Joint Secretary, KRE Society, Bidar, India

## Co-Patron

S. V. Juja, Principal, KASCC, Bidar, India

## Honorary Chairs

B. B. Chaudhuri ISI, Kolkata, India  
P. Nagabhushan  
Univ. of Mysore, India

## General Chairs

Jean-Marc Ogier  
L3i, Université de la Rochelle, France  
Laurent Wendling  
Université Paris Descartes, France  
B.V. Dhandra  
Gulbarga Univ., India  
D.S.Guru  
Univ. of Mysore, India

## Program Chairs

Mallikajrun Hangarge  
KASCC, Bidar, India  
Atul Negi  
Univ. of Hyderabad, India  
K.C. Santosh  
Univ. of South Dakota, USA

## Advisory Committee

Rangachar Kasturi, Univ. of South Florida, USA  
Sargur N. Srihari, CEDAR, USA

Karbhari Kale, BAMU, India  
Abdulkadir Sengur, Firat Univ., Turkey  
Suresha, Univ. of Mysore, India

## Conference overview

The first international conference on Recent Trends in Image Processing and Pattern Recognition (RTIP2R) aims to attract current and/or decent research on image processing, pattern recognition and computer vision. The RTIP2R will take place at the **Karnatak Arts, Science and Commerce College, Bidar, Karnataka, India in December 16 - 17, 2016.**

The Conference Chairs and Program Committee invite all researchers working on image processing, pattern recognition and computer vision to submit original research papers. Accepted papers will be categorized into oral and poster sessions at the conference. At this event, we also have invited talks by leading scientists. Accepted papers will be published and indexed by reputed publishers (Springer, already communicated, and therefore in DBLP). Best Student Paper Awards will be provided at the conference.

## Call for paper

The RTIP2R aims to bring researchers and practitioners from several different applications, such as document image understanding, medical image analysis, biometrics, scientific computing, computational biology and medicine and bioinformatics.

Topics of interest include, but are not limited to

- Shape representation
- Image segmentation
- Feature extraction and reduction
- Color and texture analysis
- Image compression, coding and encryption
- Statistical, structural and syntactic pattern representation
- Model selection
- Clustering and classification
- Content based image retrieval and indexing
- Document image analysis and understanding
- Optical character recognition
- Forensics
- Biometrics: face matching, iris recognition/verification, foot- print verification
- Speech analysis and understanding
- Speaker verification
- (Bio)medical image analysis
- Bioinformatics

## Paper submission

Authors are advised to submit their original and unpublished work (related to the theme of conference). All submissions should be written in English with a maximum paper page length of 14. Authors should take a note that it is a double-blind submission. Authors should not disclose their names, affiliations, funding sources, and previous works that help find them via web search engines. We recommend using the  $\LaTeX$  template for preparing submissions. Note that it is the authors' responsibility to upload PDF using the easychair.

## Important dates

Abstract submission: April 30, 2016  
Full paper submission: May 30, 2016  
Notification (sent to authors): July 29, 2016  
Camera ready submission: August 15, 2016
